About SafetyCall International

SafetyCall International, founded in 2004, is the first triple licensed health care practice in the United States — pharmacy, veterinary medicine, and human medicine. We are the recognized leader in regulatory compliance, adverse event management and post market surveillance to industry.

SafetyCall currently provides expert assistance with regulatory obligations to the following industries - [Ag-Chem Products and Pesticides](#), [Animal Health and Veterinary Products](#), [Consumer Products](#), [Industrial Chemicals](#), [Institutional Products](#), [Medical Devices](#), [Dietary Supplements](#), [Drugs: Nonprescription\(OTC\)](#) and [Drugs: Prescription](#).

Company History

SafetyCall principals, Drs. Leo Sioris and Rick Kingston first worked together as faculty at the University of Minnesota's College of Pharmacy. They were awarded the first Minnesota Department of Health Grant to develop and fund the Minnesota Regional Poison Center at St. Paul-Ramsey Medical Center (SPRMC) in St. Paul, Minnesota. The Center's opening coincided with the Cyanide tainting of Tylenol, and high call volumes led to immediate staffing and funding challenges. [Read the complete company history here...](#)

Testimonials

See what our clients and partners have to say about SafetyCall International.

"I am pleased to recommend and endorse SafetyCall International as the UNPA preferred provider of Adverse Event Reporting Services. They are authoritative, credentialed and nationally recognized adverse event experts that can help any size company establish "best practice" systems to meet AE regulatory and business needs. I wholeheartedly recommend their services with confidence."

-Loren Israelsen, Executive Director
United Natural Products Alliance

"SafetyCall represents our company with an exceptional level of expertise and professionalism when managing our after-hours adverse events. Their medical and veterinary professionals provide our consumers with accurate, compassionate and appropriate advice and, in turn, provide us with well documented and timely adverse event reports. Utilization of their services has allowed us to operate to the industry standards of best practices. We have no complaints. "

-Dana Fertig, DVM, MS
Dechra Veterinary Products

"SafetyCall provides an excellent service. I have worked with SafetyCall for 5 years and they have consistently helped us to navigate the process of monitoring and reporting adverse events. Their staff of doctors, pharmacists, nurses and veterinarians are nationally recognized experts in the field of product safety and are great to work with! I would recommend SafetyCall to anyone concerned about improving quality and appropriately monitoring complaints."

-Gordon Fralick
LifeVantage
